GENERAL LAWS.

I. That the title of the Institution at Edgbaston shall be "THE BIRMINGHAM ROYAL INSTITUTION FOR THE BLIND," and that of the branch establishment at Harborne, "THE QUEEN ALEXANDRA KINDERGARTEN BRANCH."

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premisses, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also

be required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting, and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventable and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Over one-third* of the present Inmates of the Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger.* Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way :—

Place the baby on its back, with a cloth under its head ; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

* In 1914 the percentage was 34 4/5%.

matter out from underneath them, and do not be content till you have got it all away. Repeat this in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of Women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

Ophthalmic Surgeon to the Institution.

REGULATIONS

to be observed by Workers.

(Approved by the General Committee, June 12th, 1911,

2. When it has been decided to give employment to an applicant, these Regulations will be read over to him by the General Superintendent, and he must sign a book containing a copy of them as a record of his willingness to accept the conditions of employment enumerated therein. A copy of the Regulations will then be handed to the applicant.

During the hours of employment, workers are to remain in their respective workshops, and must not leave the premises or receive visitors without the leave of the General Superintendent.

Male workers must record the time of their arrival and departure in the Recorders provided by the Committee.

Wages.

4. Wages will be paid on Fridays up to the previous Wednesday night.

As a general rule workers will be paid on piecework, according to the average standard rates existing in the district for their class of work and according to the amount and quality of the work done by them.

8. Prompt obedience must be given to the General Superintendent, the Trade Manager and the Foremen. Any alleged grievances may be reported verbally to the General Superintendent, who will deal with the matter, and if necessary, or on request bring the same to the notice of the Committee.

Misconduct.

9. Workers guilty of idleness, insubordination, improper or disrespectful language, wasting materials, disorderly or improper conduct, want of cleanliness, spitting, smoking, or using lucifer matches or lighting materials without authority, will be liable to dismissal.

Intemperance.

10. Any worker of intemperate habits may be suspended by the General Superintendent pending the decision of the Committee, as to whether he shall be re-employed, and if so whether he shall receive augmentation. Intoxicating liquors will not be allowed on the premises.

Visiting Members of Committee.

11. Members of the Committee are not to be visited by workers either at their residences or places of business.

Infectious Diseases.

12. When infectious diseases occur in a house where any worker lives, notice thereof must be given to the General Superintendent at once, and no such worker is to return to the Institution until he has received permission to do so from the General Superintendent. Any worker infringing this regulation will be liable to instant dismissal.

Soliciting Alms.

13. Workers proved to have been guilty of soliciting alms will be suspended by the General Superintendent pending the decision of the Committee.

Marriage.

14. Any worker marrying without having obtained the approval of the Committee will be considered to have terminated his engagement.

Holidays.

15. The Committee will determine from time to time the holidays for the workers during the year in addition to Bank Holidays.

Interpretations.

16. The term "General Superintendent" will apply to the Trade Manager during the absence of the General Superintendent, and to the Foremen when neither the General Superintendent nor the Trade Manager is present. The term "he" shall include a female worker.

SIXTY-SEVENTH ANNUAL REPORT

For the year ended 31st March, 1914.

ONCE again your Committee are pleased to be able to record a year of progress.

Chairmanship. After eleven years' able and impartial service most highly valued by his colleagues, Mr. Arthur L. Lowe has thought it necessary to resign the Chairmanship of the General Committee. While he was Chairman great progress was made in the work of the Institution, notably the increased and improved accommodation at Edgbaston, the completion of the Queen Alexandra Kindergarten Branch, and the erection of extensive workshops at Harborne for the manufacture of mats and brushes. The number of blind persons employed by your Committee during his Chairmanship increased from 80 to 152. Mr. Lowe has kindly consented to continue his services as a Member of the General Committee and as Chairman of the Kindergarten Sub-Committee. His unabated interest in the welfare of the blind is thereby fully assured.

On June 2nd, Mr. Alfred Wilson, who had served as Chairman of the Trade Sub-Committee for ten years, was unanimously elected Chairman of the General Committee.

Resignation of Hon. Dentists. Your Committee desire to gratefully acknowledge the services of Messrs. W. H. and W. Bowater, who for 23 years acted as Hon. Dentists, and performed their duties in a sympathetic and efficient manner. Their resignations were received with sincere regret. Mr. R. A. Broderick, M.B., &c., has been appointed to fill the vacancy.

Health. The past year has been an exceptionally trying one at the Kindergarten Branch, where there have been twenty-two cases of infectious disease, *viz.*, fourteen mumps, four scarlet fever, two chicken-pox, one whooping cough, and one ringworm.

This heavy list has been influenced by the admission of younger pupils during the last few years than was formerly the case.

At the Main Institution in Carpenter Road the health of the pupils has been decidedly good. But for one child with whooping cough in February there has been no case of infectious disease. It is much to be regretted that one senior pupil, who was distinctly promising in the music department, developed double pneumonia in January. Acute phthisis intervened and at the parents' request he has been withdrawn.

Education and Training.

Queen Alexandra Kindergarten Branch.

The training of the children of tender years on Kindergarten principles continues to be exceedingly beneficial. The difference between the pupils who have passed through the Kindergarten and those admitted direct from their homes into the Royal Institution at about ten to twelve years of age, is most marked.

The Royal Institution. Edgbaston.

The school work on the whole continues to be satisfactory, despite the difficulties of organization associated with the attendance of some fifty partially sighted day scholars.

Day Scholars at Edgbaston.

A high standard of work has been attained, but, largely owing to the poor attendance, especially in the girls' department (only 77%), the results cannot be described as entirely satisfactory. The course of instruction is materially the same as hitherto. Scholars having a sufficient amount of sight continue to work on normal methods to a limited extent. During the year this work has been aided by the provision of desks containing blackboards for writing, and by the introduction of specially prepared wall sheets for reading.

A new departure on the girls' side is the teaching of cookery, laundry and housewifery, which began in September last. A qualified teacher has been appointed and good progress has already been made by the pupils who have attended the course.

A decided improvement is noticeable in the conduct and appearance of the day scholars—more particularly in personal cleanliness.

Periodical examinations are held in the presence of the Education Committee's Medical Officer, the Hon. Ophthalmic Surgeon of the Institution, the Head Teachers and the General Superintendent and Secretary. At these examinations the progress of the scholars is considered and their future career decided. The eyes of the children are also examined when necessary. The number returned to ordinary schools since these classes commenced in October, 1910, is 30 or 24 $\frac{1}{2}$ %.

A copy of the time tables for the Kindergarten Branch and the Royal Institution will be found on pages 116—120.

The following is the accommodation now recognised by the Board of Education.

| | <i>Males</i> | <i>Females.</i> | <i>Total</i> |
|---|--------------|-----------------|--------------|
| Kindergarten Branch (Resident) | 20 | 20 | 40 |
| Edgbaston Institution, (Resident) | 60 | 50 | 110 |
| Other places | 50 | 40 | 90 |
| | <hr/> 130 | <hr/> 110 | <hr/> 240 |

Evening Classes. Evening Classes for pupils over sixteen years of age, although still unrecognized by the Board of Education, have been continued successfully during the winter months. These classes are much appreciated by the pupils. The subjects of instruction include Ancient History, Gymnastics, Elementary Science, English Literature, General Information, First Aid (Boys only), Dancing (Girls only).

Dietary. A new dietary has been approved for the Royal Institution, and a copy will be found on page 114.

College of Teachers of the Blind. Your Committee record with much pleasure that their colleague, Mr. Arthur L. Lowe has been elected a Fellow of the College of Teachers of the Blind, in recognition of distinguished and continued services in the education of the blind.

Music. The efficiency of this department has been well maintained. During the past year, two senior students have undertaken deputy organ work at Edgbaston Parish Church, and your Committee would be grateful if other Churches would follow the example of Edgbaston; for while help is given to the officiating organist, the students are afforded an opportunity of gaining experience which cannot fail to be of the greatest use to them. The General Superintendent and Secretary will be pleased to supply deputy organists by arrangement, and no fees will be charged for their services.

Mr. H. E. Platt, who for many years proved to be an efficient assistant to the late Mr. Gaul and was trained at this Institution, has been appointed head music master.

The following table gives the particulars respecting **resident** pupils who have left this Institution since January 1st, 1894, that being the date on which the Elementary Education (Blind and Deaf Children) Act 1893 came into operation.

| Females | ... | 11/7 |

It should be borne in mind, however, that it has been impossible to obtain information respecting all classified under these headings. Quite a number did not reply to the inquiries made.

The following summary refers to **resident** pupils admitted at the instance of the Birmingham Education Committee since January 1st, 1894. With the exception of No. 1, these figures are included in the previous table :—

| Totals | | 83 | 76 | 159 |

Those included in Nos. 3 to 7 received an average weekly wage of 15/7 for males and 12 2 for females, which amounts include augmentation.

The stenographer and typist trained at this Institution for whom a situation was obtained in November, 1912, gave such complete satisfaction to her employers as to cause a further enquiry from them for a second blind stenographer and typist. Your Committee were able to comply with the request, and they are informed that the second one is also giving satisfaction. This enquiry is deemed to be the best testimonial that the Committee could receive as to the training of the blind as typists and stenographers.

Gift from Mr. William Ross. Your Committee gratefully acknowledge the kindness of Mr. William Ross, of Moseley, in presenting to the Institution in memory of his wife and for the benefit of the Kindergarten Branch, two leasehold houses situate in Gillott Road. This property was taken over by the Committee at Christmas, 1913.

Boys' Playground at Edgbaston. By the kindness of an anonymous donor, the boys' playground was tar-paved during the Summer vacation. The improvement is much appreciated by pupils and staff.

Your Committee desire to here record their grateful thanks to the donor for her kindness.

Medical Inspection of Resident Pupils. At the suggestion of the Board of Education, a scheme of Medical Inspection as used in the schools under the control of the Birmingham Education Committee has been adopted.

Regulations for Day Workers. These have been slightly revised and an amended copy will be found on pages 23 to 25.

Gardner's Trust. Grateful acknowledgment is hereby recorded of the generous financial assistance given by the Committee of the Gardner's Trust for the Blind. Most deserving cases have been helped in various ways.

The Richard Middlemore Trust. Your Committee are ever mindful of the great help this fund is to the pupils leaving the Institution, and making a start in life, by furnishing them with tools, materials, machines, &c. Assistance has been given to 36 ex-pupils during the past year.

These continue to be given at the **Entertainments.** Edgbaston Institution during the Winter months, and free tickets are issued.

Your General Superintendent and Secretary has also visited Bromsgrove, Newport (Mon.), Oxford and Stafford to give lantern lectures illustrating the "Education and Training of the Blind," and emphasizing the necessity of prevention of blindness.

Adult Blind. Your General Superintendent has visited the members of the adult blind branch—with the exception of sixty-seven employed by your Committee. The number on the roll was 440. An extensive report has been prepared, and a Committee appointed to consider the same. The following particulars obtained from the report are interesting:—

Number in Workhouses or Infirmaries, 124.
Living in their homes or in lodgings, 249

In all the Workhouses and Infirmaries the blind are well cared for. Of the 124 inmates, 44 were totally blind, 50 could only distinguish light, 79 were unable to read, 1 could read Braille, 21 Moon, 2 Braille and Moon, and 1 Braille, Moon and Lucas.

Of those living in their own homes, one is an ex-pupil of the Institution, seventy years of age, a retired organist (F.R.C.O.) and teacher of music. He has one son a vicar in Warwickshire, and another an assistant master in a London higher-grade school.

Another interesting case was that of a woman, sixty-four years of age, totally blind and deaf for forty-seven years. She reads Moon type quite well, and deeply appreciates the books lent. She has two pensions of £12 and £6 per annum respectively, which are made up to a total of £26 by a Shrewsbury lady.

Generally speaking there was little abject poverty. Of the 249 living in their homes 118 were totally blind, while 63 could only distinguish light. 90 could not read at all; 32 could read Braille. 11 Braille and Moon, 86 Moon, 1 Braille and Lucas, and 3 Braille, Moon and Lucas.

A little over £1,000 is distributed annually in pensions from various Societies, to members of this branch, irrespective of nearly £500 for Old Age Pensions.

Two blind visitors are employed by your Committee. They exchange the books which are lent from the Institution Library, and make frequent calls at the homes of the adult blind, workhouses, and infirmaries. Their visits are looked forward to with very real pleasure.

There were 27 deaths, and 31 names have been removed from the lists for various reasons. 49 new cases have been discovered and visited.

Massage for the Blind.

In January, 1914, your Committee approved of, as an experiment, an arrangement for two female pupils to receive instruction in massage. The reports on their progress are decidedly encouraging.

Board of Education Grants for the Blind.

On January 23rd, 1914, the Chairman of the General Committee and your Superintendent formed part of a deputation of about eighty appointed to meet the Minister for Education with respect to the existing grant of five guineas per annum being increased.

When the deputation was received by Mr. Pease it was pointed out that although the average cost per head for the education, maintenance and training of resident pupils in Institutions for the Blind was £46 per annum, the grant received from the Board of Education was only five guineas, while in all other sections of education the percentage of the cost per head paid in grants by the Board was very much higher than that for the blind. In the House of Commons on the 23rd March, 1914, the Minister for Education stated that the revised grant he proposed to pay would be in respect of residential institutions £13, and in respect of day scholars £7 per annum per unit of average attendance.

Bill to provide Education and Training for the Blind.

The Bill compiled by the Committee representing the Committees of Institutions and Societies for the Blind, and the one prepared by the National League of the Blind has after many discussions been agreed upon, and Mr. A. H. Burgoyne, has undertaken to promote the revised Bill in Parliament at an early date with the concurrence of the National League of the Blind.

Ophthalmia Neonatorum.

On October 1st, 1913, a letter was received from Dr. Robertson, the Medical Officer of Health for the city, stating that 220 cases of Ophthalmia Neonatorum (Infantile Blindness) had been notified during the last year, and that in only one case was the sight lost.

It was on the suggestion of the Committee, strongly supported by Dr. Robertson, that the City Council took the necessary steps to make this terrible disease a notifiable one. Your Committee therefore received the information contained in Dr. Robertson's communication with the greatest satisfaction, and they are pleased to realise that from 1st April, 1914, the notification of the disease will no longer be optional but compulsory in all parts of the country.

International Conference on the Blind.

This will be held in London, at Church House, Westminster, from the 18th to the 24th of June, 1914.

Your General Superintendent and Mr. Henry Stainsby have been appointed to represent this Institution. Mr. Maurice Myers, teacher of typewriting and shorthand on the staff at Edgbaston has again been appointed the official reporter of Conference.

Free Tram Rides for the Blind.

In October, 1912, your Committee prepared a Memorial to the City Council in favour of free tram rides for the blind. This was presented unsuccessfully on 4th February, 1913, by Mr. Councillor W. Brown. On the 21st October, 1913, Mr. Councillor Kneeshaw brought the matter forward when the City Council passed a resolution to the effect that free passes should be issued to blind people residing in Birmingham.

This concession which came into force 1st January, 1914, is of great assistance to the blind, especially to those who live a long distance from the Institution workshops, and is deeply appreciated. The thanks of the Committee and the blind in general are due to Mr. Brown and Mr. Kneeshaw for the kindly interest they have displayed in regard to this subject.

Alterations at Edgbaston Institution.

Reclining baths have been provided on the girls' side, and also a new staircase from the ground floor to the upper floor on the boys' side.

A great improvement has been made in the workshops by the provision of screens to separate the pupils from the day workers.

Midland Counties' Union of Institutions and Societies for the Blind.

Good progress has been made since the last report was issued. The Counties now organized are Buckinghamshire, Derbyshire, Oxfordshire, Warwickshire, and Worcestershire. A start has also been made in Northamptonshire. Considering the great difficulties existing in creating interest over such large areas, the work accomplished since the inauguration of the Midland Counties' Union may be regarded as very satisfactory.

Pensions for the Blind.

The Henry Stainsby Pension Fund Capital Account now amounts to £1,432, and the following pensioners have been elected to the amounts set opposite their respective names, to date from April 1st, 1914 :—

| | | £ | s. | d. | |
|------------------|-----|----|----|----|------------|
| Sarah Baker | ... | 6 | 10 | 0 | per annum. |
| James Ballantyne | ... | 6 | 10 | 0 | " " |
| Thomas Dixon | ... | 6 | 10 | 0 | " " |
| Louisa Huckfield | ... | 6 | 10 | 0 | " " |
| Annie Rea | ... | 6 | 10 | 0 | " " |
| George Smith | ... | 6 | 10 | 0 | " " |
| Sarah Wheatley | ... | 6 | 10 | 0 | " " |
| John Westwood | ... | 12 | 0 | 0 | " " |

On May, 29th, 1913, an anonymous donor called at the Institution and left cheques amounting to £700 to be invested for the purpose of providing pensions for blind women. This kindly action, which is deeply appreciated, has enabled the Committee to allot four more pensions as follows :—

| | | £ | s. | d. |
|-----------------|-----|---|----|----|
| Annie Greening | ... | 6 | 10 | 0 |
| Beatrice Higham | ... | 6 | 10 | 0 |
| Mary A. Paskins | ... | 6 | 10 | 0 |
| Phoebe Mellor | ... | 6 | 10 | 0 |

Benefactions. The grateful thanks of the Committee are again expressed for the financial support given to the Institution by the subscribers and donors, and for presents received in various directions. The Committee also desire to tender their grateful appreciation to those who have organized entertainments for the pupils, and to the gentlemen who have attended at the Institution on Thursday evenings for the purpose of taking Services.

Legacies. In the General Fund Balance Sheet will be found a list of legacies received during the year, which are now gratefully acknowledged.

Trade. The Sales for the year reached the record sum of £17,061 17s. 8d., an increase of £576 compared with the previous year.

The stock has been valued at prime cost, while the machinery and tools have been depreciated on a reasonable scale approved by your Committee.

Every effort is made to provide remunerative employment for the blind, but this is not always possible. There has been a loss of £193 on the year's trading. Your Committee have deemed it desirable from an economic standpoint to purchase a motor delivery van, which has now been working for six months, and the results so far appear to be satisfactory.

The number of blind persons employed on March 31st, 1914, was 106 men and 42 women. The corresponding figures for the previous year are 100 men and 40 women.

**Wages of the
Blind and
Augmentation.**

The amount paid to the blind employed by the Committee, in wages, salaries and allowances, was £6,448 6s. 3d.

The wages and augmentation paid to the blind workers amounted to £4,906 12s. 0d., made up as follows :—

| | £ | s. | d. |
|------------------------------------|--------|----|----|
| Wages to workpeople | 3,361 | 6 | 6 |
| Wages to travellers and others ... | 385 | 16 | 2 |
| Augmentation of wages | 1,159 | 9 | 4 |
| Total | £4,906 | 12 | 0 |

Once more it is the pleasing duty of your Committee to warmly thank the subscribers and donors to the Blind Workers' Wage-Augmentation Fund. But for the sympathetic response to the appeals made to the employers of labour and the workpeople of Birmingham and district many of the blind would take very scanty wages home with them as the result of their week's work. The Committee and the blind people employed appreciate to the fullest extent how very helpful this fund is to the blind engaged at this establishment, and sincerely thank all who have assisted in this noble cause.

Obituary. It is with deep regret that your Committee have to record the death of their well-known and respected head music master, Mr. A. R. Gaul, Mus. Bac., Cantab. This occurred on September 13th, 1913. He had served on the staff with conspicuous success for twenty-seven years, and his advice and guidance were much valued in regard to the training of pupils in music.

The news of the death of Mr. W. Ashby Bolton, on February 28th, 1914, was received with profound sorrow. He had been a Member of the Committee for forty-two years, and Chairman of the House Committee for three years. He was an ardent worker for the blind, and always had a deep interest in the several branches of the Institution. His loss will be keenly felt by his colleagues.

Conclusion In conclusion, your Committee desire to express their grateful thanks for the large amount of success which, through God's blessing, has attended their efforts on behalf of the blind, and by which they have been greatly encouraged.

The continued support of the public is again solicited, so that the Committee may be enabled to carry on and extend their work.

Chairman.

Extract from the report of the Committee for the year ended 31st March, 1914.

“Once more it is the pleasing duty of your Committee to warmly thank the subscribers and donors to the Blind Workers’ Wage-Augmentation Fund. But for the sympathetic response to the appeals made to the employers of labour and the workpeople of Birmingham and District many of the blind would take very scanty wages home with them as the result of their week’s work. The Committee and the blind people employed appreciate to the fullest extent how very helpful this fund is to the blind engaged at this establishment, and sincerely thank all who have assisted in this noble cause.”

A complete copy of the Annual Report may be obtained on application to the Secretary.
